

Enriching Lives

KIRLOSKAR BROTHERS LIMITED

ENVIRONMENTAL POLICY

We, at Kirloskar Brothers limited, Kirloskarvadi, involved in manufacturing of pumps, Pumping systems and Hydel turbines are committed to protect environment by prevention of pollution.

We will continually improve our environmental performance by,

- Striving to go beyond compliance to applicable environmental legislation, regulations and other environmental requirements.
- Conserving natural resources such as Air, Water, Oil, Energy, and Raw Materials used at various processes and operations.
- Reduction, recycle, reuse, and proper disposal of waste that include used Water, Oil, Plastics and Paints.
- Improving work environments.
- Creating awareness amongst all employees on environmental issues.

Environmental policy is communicated to all persons working for or on behalf of us and is available to the public on request.
